Art Unit: 2625

1. Claims 7-12, 18, 19, 24-26, 28-33, and 35-41 are pending. Claims 35-41 are newly added. Claims 7, 18, 24, 30, and 37 are independent.

2. This application is in condition for allowance except for the following formal matters:

In claim 7, line 11, “at least one of” should be changed to – either one of – because when “at least one of” is used, it could be both “the first light source” and “both the first light source and the second light source”, which does not make sense.

Claims 8-12 and 35 depend on claim 7.

In claim 37, line 10 recites “at least one of”, which should be changed to – either one of – for the reason given for claim 7.

Claims 38-41 depend on claim 37.

In this Office action, claims 7-12 and 35 and 37-41 are objected.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. The following is an examiner’s statement of reasons for allowance:

Claims 18 and 19 were allowed in the previous Office action mailed May 14, 2008. The reasons for allowance given in that action are repeated below.

Claim 18 requires "performing a first scan of the document using the second light source while the first light source is being heated", "generating a first image according to the first scan", "displaying the first image", "following displaying of the first image, performing a second scan of the document using the first and second light sources", "generating a second image according to the second scan, the second image having greater image quality than the first image", and "wherein a warm-up time period of the first light source is longer than a warm-up time period of the second light source". These steps in combination with other limitations of claim 18 are not taught by the prior art of recording, including Hu et al. (US 6,104,510).

Claim 19 depends on claim 18.

Claim 24 is allowable because Hu et al. (US 6,104,510) does not disclose the limitation on the last line of the claim, i.e., "to scan the document to shorten the scanning time period when the second input is received".

Claims 25, 26, 28, 29, and 36 depend on claim 24.

Claim 30 is allowable because the first LED (Green LED or Red LED) of Hu et al. is not a white light LED.

Claims 31-33 depend on claim 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2625

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
